A STARTLING ASSERTION MADE. Mr. Bunn's Address at the Memorial Day Exercises at Rateigh. The State Geelo-

gist's Work-Other News.

RALEIOH, N. C., May 10.-[Special.]-It is learned to-day that the officials of the Farmors' Alliance here have received reports from forty counties in the State which have held conventions with regard to the complexion of delegates elected to the State Democratic Convention and that the Alliance has a round majority of two hundred delegates in these forty counties. They claim that their best counties have not yet been heard from. This is regarded as surprising news, as it was genstally regarded that nearly all the delegates so far elected were straightout Democrats.

Memorial services were appropriately observed here to-day and interesting ceremonies were held under the auspices of the Ladies' Memorial Association of Raleigh. The addresses were delivered by Hon. B. H. Bann upon the subject of General William McRae, Mr. Bunn, in the course of his address, pronounced a high eulogy upon Grant and declared that North Carolina furnished a greater number of soldiers to the Union army in the late war than she did Confederate soldiers. After the address large crowds repaired to both the cemeteries where the Confederate dead are buried and decorated the graves.

Removal of Seaboard Transfer S ation.

Weenos, N. C., May 10,—[Special.]—It is rumored here that the Seaboard Air Line will in a short time remove their transfer station and extend the Seaboard division of the line to Littleton. The reason given for the change is that the opening of the line to Atlanta will greatly increase its freight business and necessitate more yard room than they can obtain here, and that the clitzens of Littleton have offered to donate as much land as the company might require. The change would make the Seaboard division of the system much longer than the Italeigh division. Officials of the Seaboard Air Line here say they know nothing of any such proposed change.

A gentleman from Wilmington, who is largely interested in an ice factory at that place, was in town a few days ago examining into the advantage of establishing an ice de-

The Democratic Convention of Warren country met on Saturday. A resolution embedying straight Democratic principles was voted down, while one indorsing the St. Louis platform was adopted. A resolution piedging the convention to support the State and Federal Democratic nominess was also voted down. All the men who attended this convention claim to be Democrats, and become highly indignant if called Third party one. They are Democrats if the Democratic State and National Conventions do to suit them, but no further. But, notwithstanding this inconsistent position, the convention unanimously passed resolutions instructing the delegates to the Congressional Convention to vote and work for the nomination of W. W. Long, of Warren, who is a straightout Democrat, but a believer in the original purposes and principles of the Alliance.

A stockade has been creeted at Rocky Mount for two hundred convicts, who will be put to work at once grading the ground for tracks and shops to be creeted there by the Atlantic Coast Line system. The yard will be a very extensive one. A gridiron track will be placed in at the Y, and on the south end will be sixteen tracks, each five hundred yards long, which will be used as receiving tracks for all freight trains. On the north end will be fif-teen tracks, each five hundred yards long, freight trains. On the north end will be fif-teen tracks, each five hundred yards long, to be used for making up trains, and in addi-tion to this there will be many forwarding tracks—that is, for trains made up for all points north, south, east and west, locky Mount will be the central distributing point of the Coast Line system. After all the neces-sary excavations have been made the deliver-ing of brick will commence for the erection of shops, round-house and other buildings. When the work is finished the yard will be one of the most complete in the United one of the most complete in the United States. A party of from forty to fifty gentlemen A party of from forty to fifty gentlemen from Richmond and Fetersburg will come here Wednesday on a special train to partake of an old-fashioned Roanoke rock muddle tendered them by Mr. S. P. Arrington. Rosnoke rock are said to be the best flavored, and in no section of the country is the art of making rock muddle superior to that with which Roanoke fishermen are familiar.

Mr. C. R. Hemming, who some time since declared his allegiance to the Third party and presided at a meeting which organized a Third party club and called a Third party convention in this county, has withdrawn from affiliation with the Third party men and says he will remain in and act with the Democrats in the coming campaign. He says he believes in the St. Louis platform and would like to see them embodied in the Democratic platform, but that no one can afford to leave the party at this juncture, because there are other and more vital interests at stake; that the formation of a Third party in North Car-olina now meant Kepublican success, and that nothing should be allowed to produce such an undesirable result.

The Democratic Convention of Northamp-ton county was held at Jackson yesterday, it was controlled by Alliance men, but no effort was made to indorse the St. Louis platform. was made to indorse the St. Louis platform. Before the convention meta caucus of Alliance delegates was held, at which it was decided not to agitate the St. Louis demands, and nothing was said about them in the convention. The delegations to the State and congressional conventions are straightout Democrats and will stand by the party. Although there is in the county a candidate for attorney-general and two candidates for Congress the delegates were left uninstructed, the convention being content to pass a resothe convention being content to pass a resolution requesting them to act as units.

The forty-ninth annual session of the Grand Lodge Independent Order of Odd Fellows convened at Wilmington to-day. The very rapid growth of the order in North Garolina during the past two years, together with the important question of the maintenance of the Orphans Home recently established at Goldsboro, will make this session the largest and boro, will make this session the largest and most interesting ever held by the order in the State. On Wednesday evening there will be an address by Mr. Bruton and afterward a reception to visiting delegates, and on Thurs-day afternoon a trip to Carolina Beach with an old style ovster rosst,
